12. What did you especially like about the tutorial?

- I felt encouraged by albi to asks questions if something wasn't clear. He really made sure that we understand everything and explained everything calmly. I loved his tutorials
- The Tutor how was very helpfull and asked questions to check if we got it. Also the explation for the content in the lecture was great.
- Its a really good add on to the Lecture you get to see how to use the theoretical stuff you learn in the lecture which is nice. Questions are answered detailed which is great.

13. What should be improved?

- Maybe in every new class he can start from where we left the previous class instead of doing a recap every time (it takes a lot of time)
- Maybe a little bit less content Overall but thats the same issue as in the lecture
- I feel like its harder to prepare for the exam that in other classes, so maybe some more informations about the Final exam.
